### MaaX Power

MaaX Flow pumps and blowers - designed to give maximum performance through all your spa jets.

### Standard

1 Pump and 1 Blower System

Pump 1 - 2 Speed Filtration and high performance pump

### MaaX Stealth Blower

The whisper quiet MaaX Stealth Blower, supplies strong air flow to your soft tissue massage air jets, providing a world of peace, tranquillity, relaxation and well being, as thousands of tiny air bubbles provide you with the complete body massage.

### MaaX Aqua Clean Filtration

Keeping your spa clean and safe, MaaX Aqua Clean Filtration is the newest and most innovative way to keep your water crystal clean providing water filtration, every day.

### MaaX Pure Ozone - Optional

The MaaX Pure Ozone provides a natural, safe and effective way to help maintain your water giving you, your family and friends peace of mind.

### MaaX Massage Jets

MaaX hydrotherapy and soft tissue massage jets generate the most invigorating yet comfortable massage you will experience in a spa. Patented Super Venturi Technology (SVT) is incorporated into all MaaX Spas and is the latest in jet technology from around the world.

### Standard - Total 26 Massage Jets

8 Hydrotherapy Jets

18 Soft Tissue Massage Jets

**Optional** - Stainless Steel Jets

### MaaX Mood Lighting

The MaaX Mood Light provides different colours of light, known as chromatherapy. Chromatherapy has been proven to have a positive impact on overall health and well-being. The use of light and colour for therapeutic purposes is centuries-old. Add the therapeutic effects of chromatherapy to your choice of hydrotherapy for a more complete, engaging experience.

**Standard** - 1 Mood Light

**Optional** - LED Light

### MaaX Cabinet - Standard

The MaaX Cedar Cabinet features 20mm Western Red Cedar and galvanised steel reinforced corners for extra strength and durability. All MaaX Cabinets are treated with anti-fungal, U.V inhibitor and timber preservatives for a longer life.

### MaaX Hard Cover - Standard

The MaaX Hard Cover is a superior lock down hard cover for extra safety. The cover is able to hold up to 100kg in static weight, not only adding to your spa's strength and durability but also creating excellent insulation for your spa.

### MaaX Insulation - Standard

MaaX Insulation is closed cell foaming technology and is used on all MaaX Spas. Working in conjunction with the insulated pipe work and the MaaX ABS Base, the MaaX Insulation not only creates a quieter operation but it also cuts down on the running cost of your spa.

### MaaX Spa Safety - Standard

All MaaX Spas come with electrical approvals, not just on your pumps and heaters but on the entire unit. Along with a installed safety switch inside the unit, a MaaX Spa will offer you the ultimate safety.

# the A-260

# spa

With the onset of high rise and unit development, installing a spa has been near impossible.

Until now that is!

MaaX Spa have designed a spa that can access those difficult to reach places in the form of the A-260.

The A-260 is designed to fit through a standard doorway, which is a major breakthrough for anyone who thought a spa was out of their reach.

With 2 luxurious reclining seats and 3 upright seats, the A-260 does not compromise on performance. Its low profile design also makes it a great option for the elderly, children and shorter people to step into.

The A-260 is perfect for those hard to reach places.

With a MaaX Spa you have peace of mind knowing you have chosen a quality spa built to the highest of Australian standards that rivals any product from around the world.

Relax with MaaX
