Your Nearest MaaX Spa Outlet

MaaX Pure Ozone

The MaaX Pure Ozone provides a natural, safe and effective way to help maintain your water, giving you, your family and friends peace of mind.

MaaX Massage Jets

MaaX Hydrotherapy and Soft Tissue Massage Jets generate the most invigorating yet comfortable massage you will experience in a spa. Patented Super Venturi Technology (SVT) is incorporated into all MaaX Spas and is the latest in jet technology from around the world.

MaaX Aromatherapy - Standard

The MaaX Aromatherapy is a therapeutic practice that can be used to advance health and gives you a sense of ease. It involves using pure essential aromas along with bathing, inhalation and massage.

MaaX Mood Lighting

The MaaX Mood Lighting provides different colours of light, known as chromatherapy. The use of light and colour for therapeutic purposes is centuries-old. This with hydrotherapy gives you a complete and engaging experience.

Standard - 2 Mood Lights

Optional - 2 LED Lights

MaaX Aqua Sound - Optional

Create the ultimate relaxation experience with the MaaX Aqua Sound System. Music is essential in soothing the soul, so why not add the MaaX Aqua sound to your new MaaX Spa completing the ultimate relaxation experience.

MaaX Cabinet - Standard

The MaaX Cedar Cabinet features 20mm Western Red Cedar and galvanised steel reinforced corners for extra strength and durability. All MaaX Cabinets are treated with anti-fungal, U.V inhibitor and timber preservatives for a longer life.

MaaX Hard Cover - Standard

The MaaX Hard Cover is a superior lock down hard cover for extra safety. The cover is able to hold up to 100kg in static weight, not only adding to your spa's strength and durability but also creating excellent insulation for your spa.

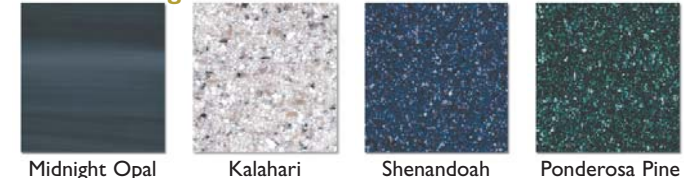

MaaX Insulation - Standard

MaaX Insulation is closed cell foaming technology and is used on all MaaX Spas. Working in conjunction with the insulated pipe work and the MaaX ABS Base, the MaaX Insulation not only creates a quieter operation but it also cuts down on the running cost of your spa.

MaaX Spa Safety - Standard

All MaaX Spas come with a whole unit electrical approval, not just on your pumps and heaters but on the entire spa!

Entertain and keep fit

The XS-740 swim spa is one of the most versatile swim spas available today.

The XS-740 is the ultimate back yard oasis providing entertainment for you and your guests, relaxing hydrotherapy massage and a fantastic tool for exercising and maintaining fitness. It gives you a complete cardio workout, with the physical training of a continuous lap pool. Whether you decide to swim, walk or just simply move against the high powered jets, this swim spa will surely help you maintain that healthy lifestyle all year round.

Comfortably seating 10 people, each seat features different jets to massage isolated areas of your body. This spa will give you and the whole family the most therapeutic, hydrotherapy massage you have ever received.

XS-740

The XS-740 controls allow you to regulate the strength of your hydrotherapy massage and adjust the pressure of the swim jets to suit your swimming style.

Standard - Total 74 Massage Jets

- 3 Hydrotherapy Swim Jets
- 23 Hydrotherapy Jets
- 28 Deep Tissue Massage Jets
- 20 Soft Tissue Massage Jets

- Capacity:** 3650 litres
- Seating:** 10 Adults
- Dry Weight:** 630 kg
- Filled Weight:** 4200 kg

Why a MaaX Swim Spa is your No1 choice

Europeans have been bathing in spas for years and have long been heralded as the experts in spa development and design. Based on the European design, the technology employed by MaaX Spa in the design of all their spas and swim spas, is second to none, with an even greater emphasis on maximum efficiency with lower running costs.

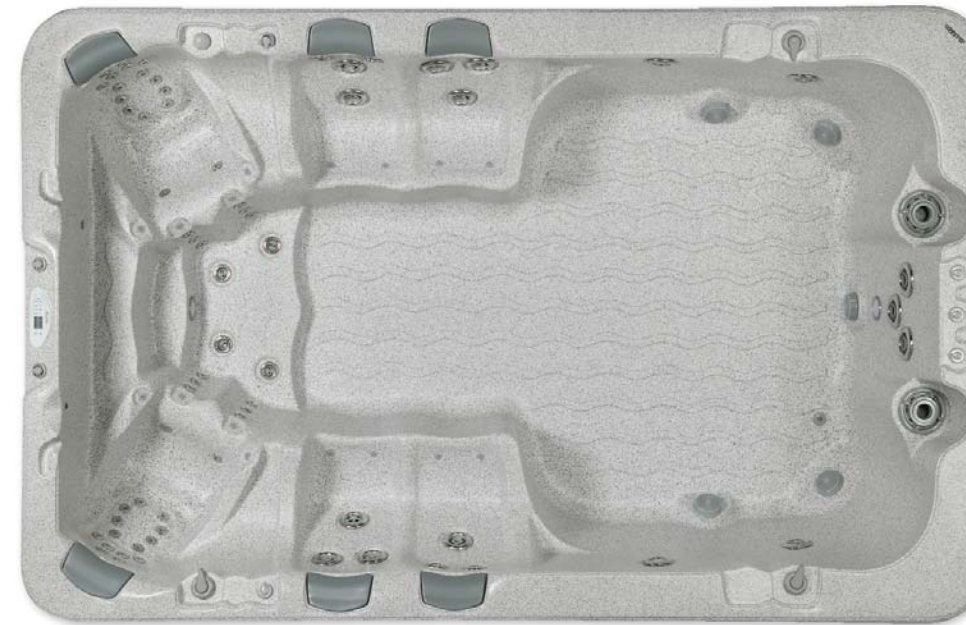

MaaX Spa has developed a superior range of spas for ease of use, requiring less water, less chemicals, less time for water exchange, less cost to run and less ground space required, with the simplicity of a 32 amp single phase electrical system.

While most other swim spas require around 6500 litres of water, the water capacity of the XS-740 is only 3650 litres

and the larger XS-840 only 5200 litres. That's up to 44% saving on water!

While other swim spas split the pump pressure to more than one jet, reducing the jets performance, each MaaX Spa swim jet is powered by an individual pump. Both the XS-740 and XS-840 are wider and far superior for swimming and feature more hydrotherapy jets than other swim spas on the market. The unique design of the swim spas also provides superior seating for adults to sit comfortably while the swim jets are being used by a swimmer or exerciser.

With a water proof Remote Control, Del Ozone Corona Discharge, a Prescribed Article Electrical Approval and the best Warranty of any swim spa, you can't afford to have anything but a MaaX Swim Spa.

Swim your way to health and fitness

The new XS-840 Swim Spa is in a league of it's own. Swim spas will never be the same again.

The XS-840 is a workout machine, offering you a way to keep fit and enjoy all the benefits that a swimming pool and a spa have to offer and more.

The XS-840 gives you a complete cardio workout, with the physical training of a continuous lap pool. Whether it is a scorching hot day or relatively cold, there is no excuse not to maintain your daily exercise regime for a better, healthier body than in the XS-840 Swim Spa.

The isolated 6 person spa feature at the opposite end to the swim well also offers you the ultimate in hydrotherapy. The 2 dedicated deep tissue massage seats will relax every part of your body from your neck to your toes.

XS-840

The XS-840 is truly the best way to get rid of all those aches and pains. This spa will give you and the whole family the most therapeutic, hydrotherapy massage you have ever received.

Individual controls allow you to regulate the strength of your hydrotherapy massage and adjust the pressure of the swim jets to suit your swimming style.

Standard - Total 84 Massage Jets

- 3 Hydrotherapy Swim Jets
- 21 Hydrotherapy Jets
- 44 Deep Tissue Massage Jets
- 16 Soft Tissue Massage Jets

Specifications

- Size:** 3950mm x 2500mm x 1200mm
- Capacity:** 5200 litres
- Seating:** 6 Adults
- Dry Weight:** 690 kg
- Filled Weight:** 5890 kg

With a MaaX Spa you have peace of mind knowing you have chosen a quality spa built to the highest of Australian standards which rivals any product from around the world.
